

**New website launched:
“COVID-19 Related Sites for Japanese and Nikkei living in the United States”**

06/29/2021

JCCNC Commerce Corporation Committee

The "COVID-19-related sites for Japanese and Nikkei living in the United States," has launched last week with the efforts of all JBA / JCC members across the United States.

All seventeen JBAs/ JCCs have conducted surveys earlier this year to explore how we can support Japanese and Nikkei communities and businesses in the United States with any COVID-19 concerns. This portal site was established in response to the requests and concerns received through the surveys.

The JCC portal site is a Japanese-English bilingual site. It provides latest and centralized information on coronavirus including new variants, vaccines and tests, travel and airlines, immigration requirements in Japan and the United States, and other information relevant to the United States.

The most current updates on all the sites found on the JCC portal site are automatically displayed on the main page under "Latest Information." Please use this site as a go-to website for all updated information on COVID-19.

1. The JCC portal site information / contents
 - Resident Japanese Doctor information
 - COVID-19 related information: Variants, PCR Tests
 - Vaccines related information
 - Immigration requirements in Japan and the United States
 - Airlines and travel information
 - Information from Consulate General of Japan and all JBAs / JCCs in the United States
 - General and other relevant information to the United States.

2. URL: <https://jcc-us.org/en>

3. Managed by all JBAs / JCCs

We strive to make the JCC portal site more useful and convenient for Japanese and Nikkei communities. If you have any feedback, requests or changes you would like to see on the portal site, please contact us at mail@jccnc.org.

Thank you for your continued support.
